

# ACT MULTI LINE OUTDOOR LED SIGNS

Infopoint with flowerpot, 80mm characters

ACT outdoor multi line displays offer unlimited possibilities for announcing all kinds of informations. Via these displays you can create efficiently eye-catching and dynamic messages using multiple text lines. These solid displays resist all weather conditions. The brightness intensity can be dimmed in 256 steps according to the daylight level. With an optional sensor you can also show the actual temperature.

"Proline Ultra" series mounted on a metal pole

ACT outdoor multi line displays offer you multiple text lines with a character height of 30 to 800mm in every number of lines and length you want. Different led colours (red, yellow, pure-green, blue, white) possible.

All messages can be programmed with our user-friendly software.

ACT not only offers you a standard range of products, but also specials and turn-key projects.
